## **BELPER** Pride awards

Continued from photo (right). The nominations for an award are made by the individual children's schools. This year nine awards were presented at a very moving lunch time ceremony, attended by Pauline Latham MP, Mayor of Belper Tim Sutton, and the Rotary district governor Dr Cheryl Berry, who presented the awards and certificates to the children.

All the children were accompanied not only by their respective parents or carers but also by a teacher or teaching assistant from their school.

In all, nine children and young people aged from six to 16 years were introduced by one of their respective teachers who described the significant issues they each face on a daily basis.

This year the children were from Swanwick School and Sports College, Holbrook Church of England Primary, Belper School, St John's Church of England Primary, Long Row Primary, Alfreton Park Community Special

School and Pottery Primary School.

The success of the annual event depends very much on the generosity of local businesses and companies to whom the Rotary Club is deeply indebted.

## **INSPIRING YOUNGSTERS HONOURED AT AWARDS**

The fifth 'Pride of Belper and Duffield Awards' ceremony took place at Shottle Hall Hotel in Shottle. The event was organised by The Rotary Club of Belper and Duffield. The event, held annually, celebrates the achievements of children and young people from across the area who have to deal with a debilitating illness or perhaps care for a family member.
